

Plan to Meet GMS / PMS 2015-16 Contractual Requirement for Patient Online Service

This practice plans to offer the facility for patients to view online, export or print detailed coded information held in their own records from **30th June 2016.***

These dates are subject to the necessary NHS GP systems and software being available to the practice.

This practice currently offers the facility for patients:

- to book, view, amend, cancel and print appointments online
- to order online, view and print a list of their repeat prescriptions for drugs, medicines or appliances
- to view online, export or print summary information from their record relating to medications, allergies and adverse reactions

We will publicise and promote our online services to our practice's patients through the practice website, practice waiting room leaflets, posters and the Patient Participation Group by **30th June 2016.***

GP2GP

This practice uses GP2GP messaging technology, enabling us to receive patients' clinical records electronically as new patients join the practice.

More information on GP2GP can be found at:

<http://systems.hscic.gov.uk/gp2gp>

Summary Care Record

This practice makes use of the Summary Care Record system. A Summary Care Record is an electronic record which contains information about the medicines you take, allergies you suffer from and any bad reactions to medicines you have had. Having this information stored in one place makes it easier for healthcare staff to treat you in an emergency, or when your GP practice is closed.

More information on the Summary Care Record can be seen at:

<http://www.nhscarerecords.nhs.uk>

***Note 1** – These dates are subject change and to the necessary NHS GP systems and software being available to the practice.
